

PRESCHOOL LINKS

provides a gentle introduction to the school setting. Secluded from the bustle of other programs, children will enjoy both new and familiar activities as they develop friendships and trusting relationships with adults, and explore the abundant classroom materials. The day is organized to provide small group experiences in the indoor and outdoor classrooms.

Must be 2 ½ prior to entering.

SUMMER CONNECTIONS

incorporates the philosophy of St. John's Episcopal Preschool with the good old-fashioned fun of summer. The rich resources of the outdoor classroom provide a springboard for explorations and investigations, integrating children's theories and ideas.

SUMMER EXPLORERS

Children and teachers will explore our own backyard . . . Georgetown! Back at camp, we'll translate our discoveries into projects – painting, drawing, sculpture, construction, theater, and more. This could be your child's chance to come back to St. John's.

"MY SON LOVED CAMP! THE WATER PLAY, HERMIT CRABS, WORMS, SONGS, SHELLS, AND PAINTINGS ALL JOINED TO CREATE A RICH AND VARIED EXPERIENCE."

- SUMMER CONNECTIONS PARENT

"SHE GOT TO SPEND RELAXED TIME WITH HER FRIENDS – NEW AND OLD. IT IS A VERY COMFORTABLE, NURTURING PLACE."

St. John's Preschool Summer Program 2010

nothing without joy

At St. John's Summer Program educators embark on explorations of broad topics incorporating the philosophy of St. John's Preschool with the whimsy and delight of summer. St. John's Summer Program fosters links between the natural world and aesthetic experiences. Utilizing indoor and outdoor classrooms and studios, children will express their own observations and theories using multiple media.
